

GUERNSEY RENEWABLE ENERGY COMMISSION

REGIONAL ENVIRONMENTAL ASSESSMENT OF MARINE ENERGY

Contents

	Page
Foreword	
1	Introduction 1
1.1.	Background 1
1.2.	Purpose, Scope and Area of Study 1
1.3.	Objectives of the REA 6
1.4.	Topics Covered 7
1.5.	Structure of the REA 8
1.6.	Scoping Summary 8
1.7.	Study Limitations 10
2	Project Description 12
2.1.	Project Overview 12
2.2.	An introduction to Renewable Energy in Guernsey's Waters 13
2.3.	Renewable Energy Devices and their Operating Requirements 15
2.4.	Development Scenarios 18
3	The Environmental Planning Process 21
3.1.	Overview 21
3.2.	The REA Process 22
3.3.	Marine Spatial Planning and Zoning of Renewable Energy Deployment Areas 23
3.4.	Licensing and Consenting Process for Marine Renewable Energy 24
4	Geology 27
4.1	Introduction 27
4.2	Baseline Environment 27
4.3	Data availability: sampling and geophysics 28
4.4	Bathymetry and Current Circulation 32
4.5	Solid (bedrock) Geology 34
4.6	Offshore Sediment Distribution 44
4.7.	Seabed Morphology 61
4.8	Brief Resume Of The Sediment Distribution And Seabed Morphology 68
4.9	Biology 70
4.10	Engineering Geology 75
4.11	Potential Marine Hazards 78
4.12	Potential Effects 79
4.13	Sensitivity of receptors 83
4.14	Potential Significance of Effects 84
4.15	Likelihood of Occurrence 85
4.16	Mitigation Measures 85
4.17	Confidence and Knowledge Gaps 89
4.18	Residual Effects 89
4.19	Recommendations for Survey and Monitoring 90
References	91

5	Marine Processes	93
5.1	Introduction	93
5.2	Baseline Environment	93
5.3	Potential Effects	104
5.4	Sensitivity of receptors	110
5.5	Potential Significance of Effects	111
5.6	Likelihood of Occurrence	112
5.7	Mitigation Measures	112
5.8	Confidence and Knowledge Gaps	115
5.9	Residual Effects	115
5.10	Recommendations for Survey and Monitoring	116
	References	118
6	Water Quality	119
6.1	Introduction	119
6.2	Baseline Environment	119
6.3	Potential Effects	123
6.4	Sensitivity of receptors	125
6.5	Potential Significance of Effects	127
6.6	Likelihood of Occurrence	129
6.7	Mitigation Measures	130
6.8	Confidence and Knowledge Gaps	132
6.9	Residual Effects	133
6.10	Recommendations for Survey and Monitoring	135
7	Benthic Ecology	137
7.1	Introduction	137
7.2	Baseline Environment	137
7.3	Potential Effects	148
7.4	Sensitivity of receptors	150
7.5	Potential Significance of Effects	152
7.6	Likelihood of Occurrence	154
7.7	Mitigation Measures	155
7.8	Confidence and Knowledge Gaps	155
7.9	Residual Effects	155
7.10	Recommendations for Survey and Monitoring	156
	References	158
8	Pelagic Ecology	163
8.1	Introduction	163
8.2	Baseline Environment	163
8.3	Potential Effects	177
8.4	Sensitivity of receptors	183
8.5	Potential Significance of Effects	184
8.6	Likelihood of Occurrence	185
8.7	Overall significance, Confidence and Mitigation Measures	185
8.8	Knowledge Gaps	187
8.9	Recommendations for Survey and Monitoring	187
	References	188

9	Birds	191
	9.1 Introduction	191
	9.2 Baseline Environment	191
	9.3 Potential Effects	201
	9.4 Sensitivity of receptors	203
	9.5 Potential Significance of Effects	204
	9.6 Likelihood of Occurrence	206
	9.7 Mitigation Measures	207
	9.8 Confidence and Knowledge Gaps	208
	9.9 Residual Effects	210
	9.10 Recommendations for Survey and Monitoring	211
	References	212
10	Marine Mammals	215
	10.1. Introduction	215
	10.2. Baseline Environment	215
	10.3. Potential Effects	224
	10.4 Sensitivity of receptors	233
	10.5. Potential Significance of Effects	235
	10.6 Likelihood of Occurrence	242
	10.7 Mitigation Measures	242
	10.8 Confidence and Knowledge Gaps	247
	10.9 Residual Effects	252
	10.10 Recommendations for Survey and Monitoring	257
	References	259
11	Commercial Fisheries and Mariculture	263
	11.1 Introduction	263
	11.2 Baseline Environment	265
	11.3 Potential Key Effects	285
	11.4 Sensitivity of receptors	290
	11.5. Potential Significance of Effects	292
	11.6. Likelihood of Occurrence	295
	11.7 Mitigation Measures	296
	11.8 Confidence and Knowledge Gaps	298
	11.9 Residual Effects	299
	11.10 Recommendations for Survey and Monitoring	301
	References	302
12	Recreational Fishing	303
	12.1 Introduction	303
	12.2 Baseline Environment	303
	12.3 Potential Effects	305
	12.4 Sensitivity of receptors	306
	12.5 Potential Significance of Effects	309
	12.6 Likelihood of Occurrence	310
	12.7 Mitigation Measures	310
	12.8 Confidence and Knowledge Gaps	311
	12.9 Residual Effects	312
	12.10 Recommendations for Survey and Monitoring	313

13	Marine and Coastal Historic Environment	315
13.1	Introduction	315
13.2	Baseline environment	315
13.3	Potential effects	319
13.4	Sensitivity of receptors	320
13.5	Potential significance of effects	322
13.6	Likelihood of occurrence	324
13.7	Mitigation measures	326
13.8	Confidence and knowledge gaps	327
13.9	Residual Effects	328
13.10	Recommendations for survey and monitoring	329
	References	329
14	Existing Submarine Cables, Electrical Grid, and Connectivity	331
14.1	Introduction	333
14.2	Baseline Environment	331
14.3	Potential Effects	332
14.4	Sensitivity of receptors	334
14.5	Potential Significance of Effects	335
14.6	Likelihood of Occurrence	335
14.7	Mitigation Measures	336
14.8	Confidence and Knowledge Gaps	338
14.9	Residual Effects	338
14.10	Recommendations for Survey and Monitoring	338
	References	338
15	Shipping and Navigation	339
15.1	Introduction	339
15.2	Baseline Environment	341
15.3	Potential Effects	350
15.4	Sensitivity of vessels /receptors	351
15.5	Potential Significance of Effects	352
15.6	Likelihood of occurrence	355
15.7	Mitigation Measures	356
15.8	Confidence and Knowledge Gaps	357
15.9	Residual Effects	358
15.10	Recommendations for Survey and Monitoring	358
16	Tourism and Recreation	359
16.1	Introduction	359
16.2	Baseline Environment	359
16.3	Potential Effects	362
16.4	Sensitivity of receptors	364
16.5	Potential Significance of Effects	364
16.6	Likelihood of Occurrence	366
16.7	Mitigation Measures	367
16.8	Confidence and Knowledge Gaps	368
16.9	Residual Effects	368
16.10	Recommendations for Survey and Monitoring	370

17	Noise	371
17.1	Introduction	371
17.2	Baseline Environment	371
17.3	Potential Effects	380
17.4	Sensitivity of receptors	383
17.5	Potential Significance of Effects	386
17.6	Likelihood of Occurrence	388
17.7	Mitigation Measures	389
17.8	Confidence and Knowledge Gaps	390
17.9	Residual Effects	390
17.10	Recommendations for Survey and Monitoring	393
18	Air Quality	395
18.1	Introduction	395
18.2	Baseline Environment	395
18.3	Potential Effects	397
18.4	Sensitivity of receptors	399
18.5	Potential Significance of Effects	400
18.6	Likelihood of Occurrence	401
18.7	Mitigation Measures	401
18.8	Confidence and Knowledge Gaps	401
18.9	Residual Significance Effects	401
18.10	Recommendations for Survey and Monitoring	401
19	Landscape and Seascape Character	403
19.1	Introduction	403
19.2	Baseline Environment	403
19.3	Potential Effects	409
19.4	Sensitivity of receptors	410
19.5	Potential Significance of Effects	410
19.6	Likelihood of Occurrence	411
19.7	Mitigation Measures	412
19.8	Confidence and Knowledge Gaps	414
19.9	Residual Significance Effects	415
19.10	Recommendations for Survey and Monitoring	416
	References	419
20	Summary of Assessment	421
20.1	Summary Table	421
20.2	Significance Criteria	421
20.3	Data Gaps and Uncertainty	422
20.4	Decommissioning	423
20.5	Geographic Constraints	423
20.6	Impacts and Mitigation Measures that apply to Multiple Topic Areas	424
20.7	Cumulative Impacts	441
20.8	Constraints Mapping	442
21	Implementation and Monitoring	446
21.1	Environmental Action Plan	446
21.2	Regional Monitoring Plan	447
22	Conclusions and Next Steps	448
22.1	Conclusions	448
22.2	Next Steps	449

Appendices

Appendix A – List of Authors

Appendix B – Glossary of Terms

Appendix C – Tidal Resource Mapping for the Territorial Waters of Guernsey

Appendix D – REA Assessment Process

Appendix E – Pre-feasibility Technical Report

Appendix F-1 – Benthic Ecology - Definitions of habitat sensitivities following Marlin guidelines

**Appendix F-2 – Benthic Ecology - Significance Assessment Criteria following Marlin and JNCC
guidelines**

Appendix G – Marine Mammal Species Data

Appendix H – Locations of designated fishery areas

Appendix I – Historic wrecks around Guernsey, Sark and Herm

Appendix J – Coastal sites and monuments on Guernsey, Sark and Herm

Appendix K – Environmental Action Plan (EAP)

Appendix L – Regional Monitoring Plan (RMP)
